Aesthetics

Main themes

- A consistent fluorescent blue that always stands out from it's background.

- The colour crimson.

- Powerful emphasis on headings and titles.

- Paragraphs tend to stand out also.

Live demo of the aesthetics with explanations. (Decision Making Process)

Components List

- <h1,2,3,4>   <p> -Headings and Paragraphs
- <Nav>   Navigation Bar
- , <li>   Unordered lists
- <Div > - Containers to address multiple elements at once
- <Form> , <Label>, <input> , <textarea> - User input
- <img> Images
- <Href> Links

Components and Styling - Engagement

- Colour, font-size, family and weight.

- and <li> combined with the styling:list-style-type: none; thick borders and background colour for the vertical nav bar.

- <div> as the container combined with <a> for buttons, and href for images and navigation around the site.

- <textarea rows="x"

- Borders combined with display: inline-block; and padding.

- Background-image combined with background-size: cover;

- a:hover; combined with a color; my favourite.
